Meeting Purpose

Regular monthly meeting of the Community and Stakeholder Relations Committee. Board Member Pat Lance noted that a quorum was present. Minutes from the June 20, 2024, meeting were reviewed and approved.

Administrative Discussion Items

- Jon Scherzer provided results from the second wave of our community satisfaction survey. Results were outstanding with 94% of participants saying CDTA is a value to the community.
- The survey was a random phone sampling of 400 people in our region being asked several questions related to CDTA and its services.
- Community members believe we provide the most value by providing access to jobs and providing safe and reliable transportation services throughout the region.
- The top three areas they would like to see more of are, frequency of service, routes and regional connectors.
- Jaime Kazlo provided the Earned Media and Community Relations report. Last month, we earned 25 placements in television, newspaper, and radio with an estimated value of \$30,000. CDTA sent out 10 press releases.
- Stories included – e-bike charging launched in Amsterdam, construction on the Manning Boulevard Mobility Hub in Albany and Ellis Medicine joined our Universal Access program as our newest partner.
- We participated in community events including transportation for the Schenectady Summer Send Off event, Amsterdam Italia Fest and Wings and Wheels event to support veterans in our region.
- We continue to see increases in followers across our social media channels. Top posts included information about our Lake George Trolley Service and information about CDTA hiring events and employment opportunities.
- Looking ahead, we will cut the ribbon on two new mobility hubs, bring back our two pink buses for the Men Wear Pink campaign on October 1, welcome nearly 400 kids to our property for our annual Fall Festival and accept the American Cancer Society Pillar of Hope Award during the Making Strides Walk in Washington Park on October 20.
